Re: Hosston Zone, Reservoir A
Sand Units F and N
Spider Field
DeSoto Parish, Louisiana

Dear Commissioner Boudreaux:

Application is hereby made on behalf of **BP AMERICA PRODUCTION COMPANY**, for the calling of public hearings, after ten (10) days legal notice, to consider evidence relative to the issuance of Orders pertaining to the following matters relating to the Hosston Zone, Reservoir A, in the Spider Field, DeSoto Parish, Louisiana, for which rules and regulations were established and drilling and production units were created for the exploration for and production of gas and condensate by the 92-H Series of Office of Conservation Orders, including the units designated HOSS RA SUF and HOSS RA SUN:

1. To permit the applicant to drill, designate and utilize the BP America Production Company – Iva Baker No. 3 Well as alternate unit well for the HOSS RA SUF, in the Spider Field, DeSoto Parish, Louisiana, said well to be at the location shown on the plat attached hereto.
2. To permit the applicant to drill, designate and utilize the BP America Production Company – Provost No. 6 Well as alternate unit well for the HOSS RA SUN, in the Spider Field, DeSoto Parish, Louisiana, said well to be at the location shown on the plat attached hereto.
3. To find that these wells are necessary to efficiently and economically drain a portion of the reservoir covered by the unit which cannot be so drained by any existing well within each unit.

4. To permit the operator to produce the unit allowable from the existing unit well, the existing alternate unit wells, the proposed alternate unit wells, in any combination thereof, at the operator's discretion.

5. Except to the extent herein set forth, to continue in full force and effect the provisions of the 92-H Series of Office of Conservation Orders and the units created thereby.

6. To consider such other matters as may be pertinent.

The Hosston Zone, Reservoir A, in the Spider Field, DeSoto Parish, Louisiana, was previously defined in Office of Conservation Order No. 92-H, effective October 15, 1969, and was redefined in Office of Conservation Order No. 92-H-1, effective October 16, 1979.

The applicant is requesting permission to drill, designate and utilize the Iva Baker No. 3 Well and the Provost No. 6 Well as alternate unit wells for the HOSS RA SUF and HOSS RA SUN, respectively. These wells will permit efficient and economic recovery of hydrocarbons underlying their respective units, will not adversely affect the adjacent offsetting units, and are needed to satisfy the market demand for gas and condensate from the field.

Attached hereto and made a part hereof is a plat outlining the applicant's proposal and a list of the names and addresses of the Interested Owners, Represented Parties and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished only to the Commissioner of Conservation and to the District Manager of the Shreveport District of the Office of Conservation; however, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties and Represented Parties.

Finally, enclosed herewith is our check on behalf of the applicant in the amount of \$1,400.00 **made payable to the Office of Conservation** representing the required hearing application fee .

Very truly yours,

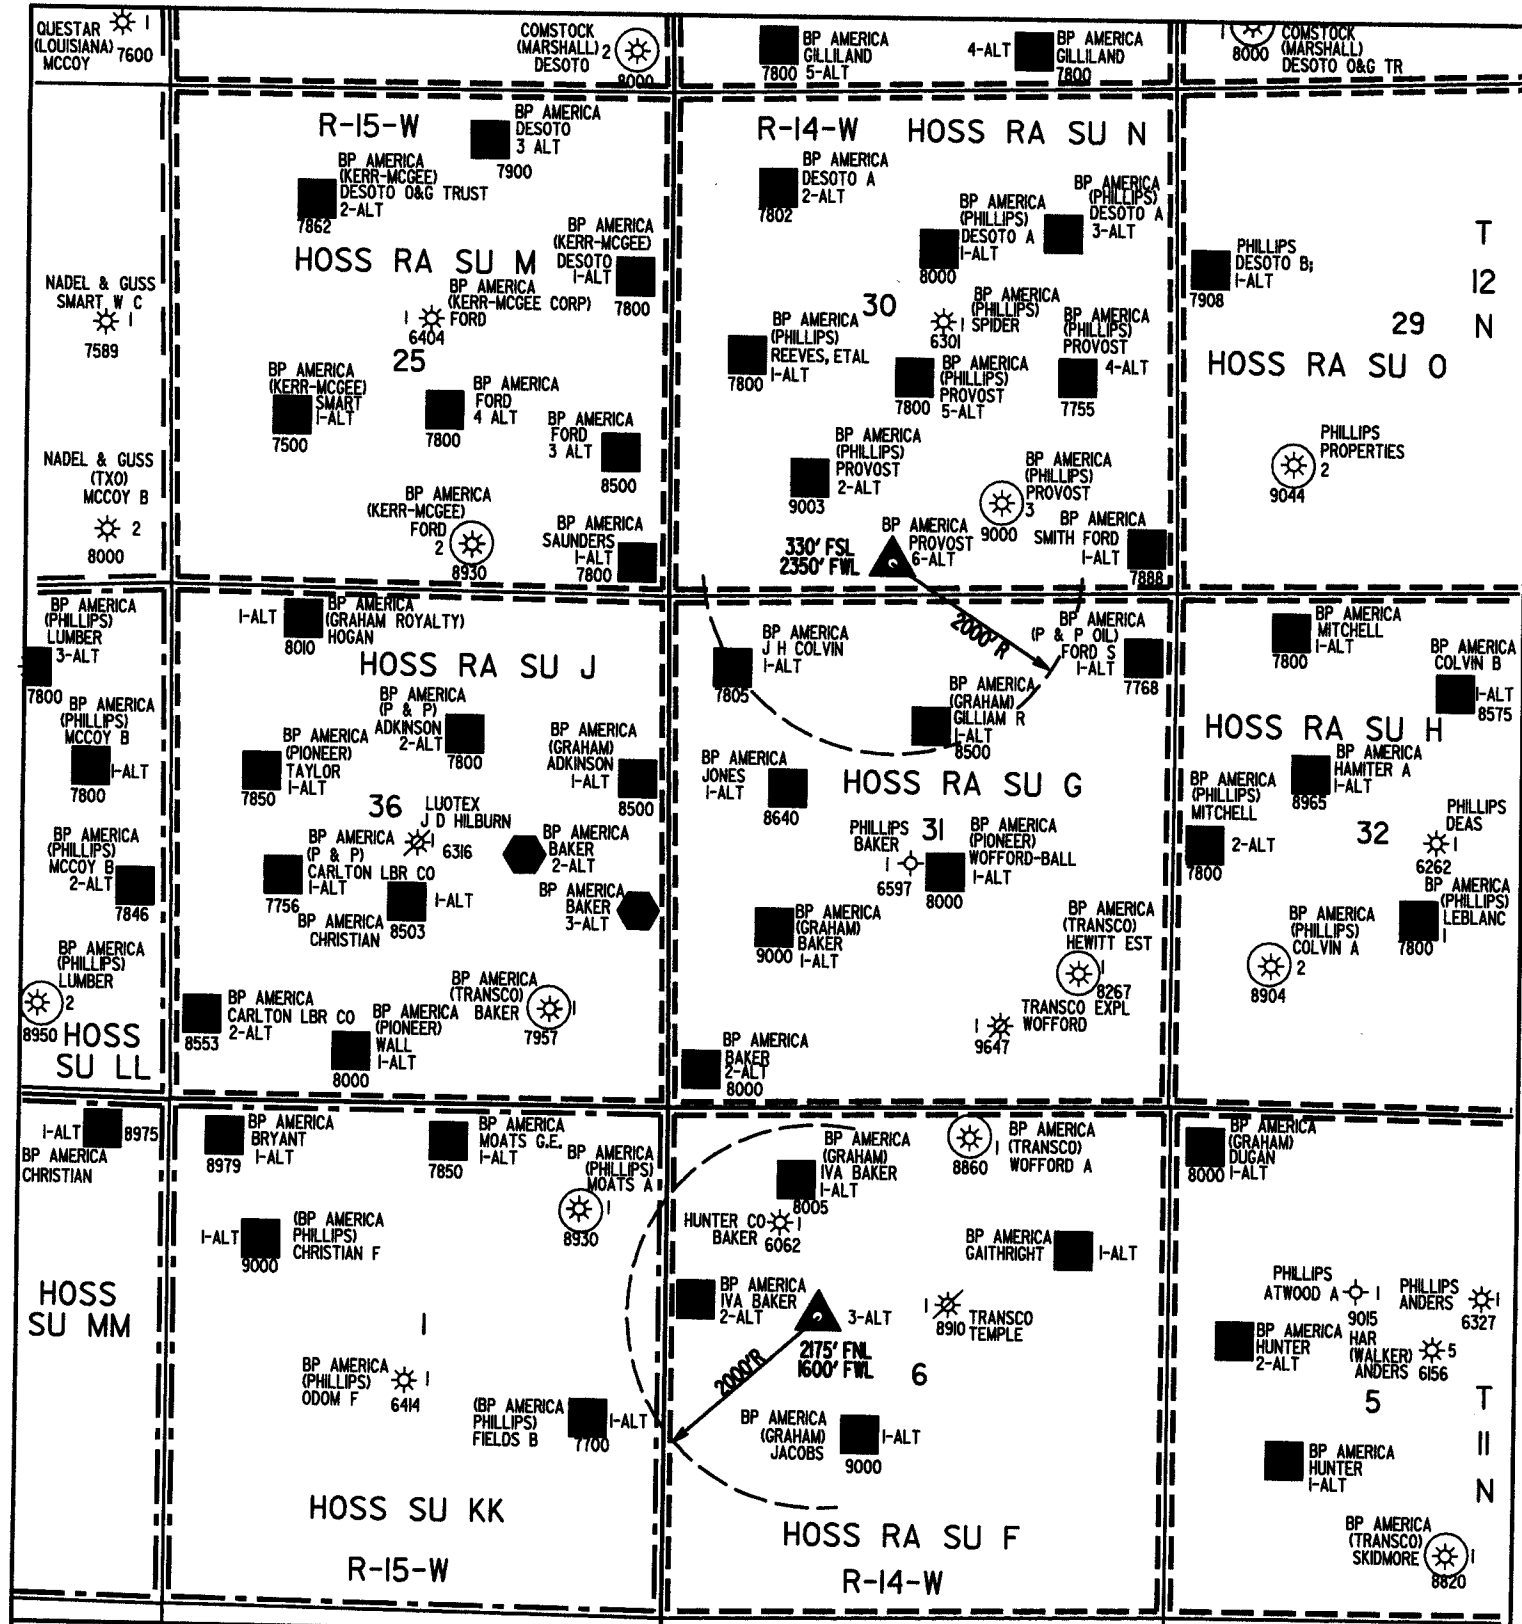

Richard W. Revels, Jr.
